Clean and Honest Mountaineering - Reality or Illusion?

The IMS Congress which is taking place on Saturday, October, 18th at the Kiku. International Mountain Summit in Bressanone/Brixen (Italy) will take up the controversial topic "Doping in Mountain and Mass Sports" and analyze it critically. The aim of this long overdue discussion at international level is to find a definition of Doping in Mountaineering and mass sports, to establish policies and therefore to improve the safety in mountain sport and to guarantee the freedom of Mountaineering.

Mountaineers, representatives of Alpine Clubs, athletes, journalists, ethicists, anti-doping and High Altitude Medicine experts, officials of Sport clubs, coaches and all interested parties are invited to participate at this International Congress.
