

Montagne des Français - Honeymoon

This sector is placed only a few meters left of „Cocronatus“ and offers a good variety of routes on a colourful, mystic wall with many different tufa formations. Routes 1-3 are long outstanding routes over 30m of length. Routes 4-5 are short and savage. The wall is in the shade until noon, routes 4-5 getting regaining shade after 14.30 p.m. (October)

Careful with soft rock on the first part of routes 2-3 and beware of fragile tufas!

1 Honeymoon 7c+ 32m 14 bolts

Albert Leichtfried, 26.10.2007

Hard boulder at the start. Long moves on perfect rock until the end, with a little surprise before reaching the anchor. Amazing line!

2 Reste chez moi 7a+ 31m 12 bolts

Albert Leichtfried, 10.11.2007

Endurance climbing on extraterrestrial tufa formations and big holes.

3 Michl sauf! 7b 32m 14 bolts

Albert Leichtfried, 30.10.2007

Traverse at the start on soft rock searching the “elefant skin” tufas. Nice rest in the middle, harder and harder towards the end.

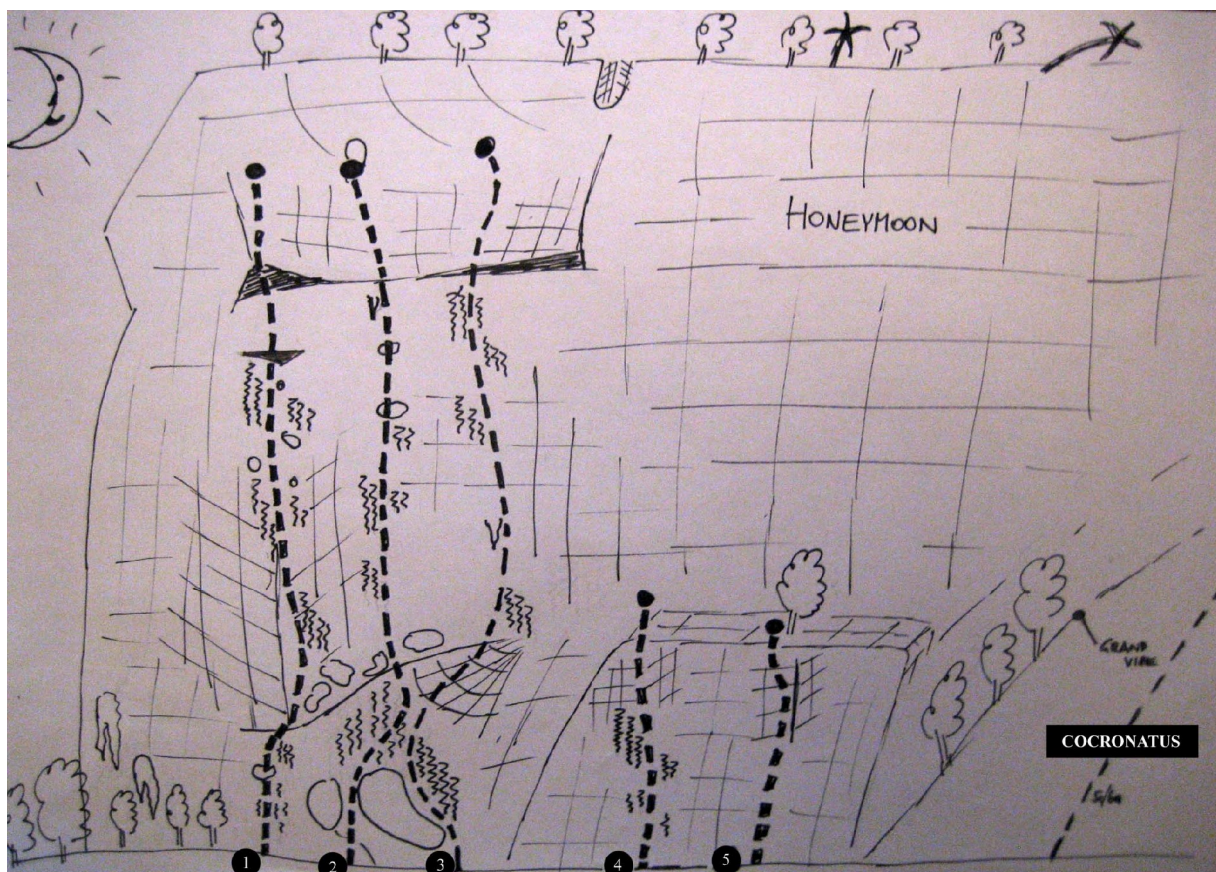

4 Omesberger Marillenmarmelade 6c 12m 5 bolts

Veronika Leichtfried, 30.10.2007

Short but worth! Nice tufa moves.

5 Salut vazaha 6c+ 10m 4 bolts
**
Klaus Kranebitter, 08.11.2007

Short route on sharp fingerholes.
